

SUPERVISED VOCATIONAL QUALIFICATION DIPLOMA - EXAMINATION

Session: Revision Mock Set 07	Duration: 3 hours
Specialty: Psychotherapy	Coefficient: 04
Eliminatory mark: < 8/20	Training reference: VTI-AEDA examination style

COMPREHENSIVE VOCATIONAL PAPER PRACTICE SET 07

Revision material based on the supplied VTI-AEDA 2025 examination format and the supplied psychotherapy course recordings. Not an official examination paper.

PART ONE: PSYCHOPATHOLOGY

Section A: Multiple Choice Questions: Place a bold tick against the appropriate response option provided. (10mks)

1. Wendy, a 60-year-old mechanic, presents with significantly low body weight, intense fear of weight gain and restriction without recurrent binge-purge episodes. Which diagnosis or clinical concept best fits this presentation?

- A. Major depressive disorder
- B. Autism spectrum disorder
- C. Panic disorder
- D. Anorexia nervosa, restricting type

2. During assessment, Amina reports significantly low body weight with anorexia features plus recurrent binge-eating or purging. Which of the following is the BEST match?

- A. Social anxiety disorder
- B. Schizoid personality disorder
- C. Anorexia nervosa, binge-eating/purging type
- D. Brief psychotic disorder

3. Carlos, a 36-year-old laboratory technician, presents with recurrent binge eating followed by compensatory behaviors such as vomiting, laxatives or excessive exercise, without the persistently low weight required for anorexia. Which diagnosis or clinical concept best fits this presentation?

- A. Substance use disorder
- B. Obsessive-compulsive personality disorder (OCPD)
- C. Anorexia nervosa, restricting type
- D. Bulimia nervosa

4. A therapist notes that Grace has recurrent binge eating with loss of control and distress but without regular compensatory purging or fasting. Which condition should be considered first from the options below?

- A. Schizophrenia
- B. Bipolar disorder
- C. Binge-eating disorder
- D. Schizoid personality disorder

5. Victor, a 23-year-old teacher, presents with a problematic pattern of substance use causing clinically significant impairment or distress, including loss of control, risky use, social impairment or tolerance/withdrawal. Which diagnosis or clinical concept best fits this presentation?

- A. Anorexia nervosa, binge-eating/purging type
- B. Autism spectrum disorder
- C. Substance use disorder
- D. Generalized anxiety disorder (GAD)

6. A therapist notes that Carlos has initial euphoria followed by drowsiness or apathy, with slowed functioning and often constricted pupils. Which condition should be considered first from the options below?

- A. Specific phobia
- B. Opioid intoxication
- C. Post-traumatic stress disorder (PTSD)
- D. Anorexia nervosa, restricting type

7. During assessment, Tina reports euphoria, increased energy and confidence, decreased need for sleep, agitation and autonomic activation. Which of the following is the BEST match?

- A. Brief psychotic disorder
- B. Stimulant intoxication
- C. Dependent personality disorder
- D. Post-traumatic stress disorder (PTSD)

8. During assessment, Nadine reports pervasive instability in relationships, self-image and affect, impulsivity, abandonment fears and recurrent self-harm or suicidal behavior. Which of the following is the BEST match?

- A. Borderline personality disorder
- B. Generalized anxiety disorder (GAD)
- C. Schizophrenia
- D. Obsessive-compulsive personality disorder (OCPD)

9. During assessment, Yvette reports perfectionism, orderliness, rigidity and control that interfere with flexibility and task completion. Which of the following is the BEST match?

- A. Obsessive-compulsive personality disorder (OCPD)
- B. Agoraphobia
- C. Schizoid personality disorder
- D. Dependent personality disorder

10. A therapist notes that Daniel has detachment from social relationships and restricted emotional expression with little desire for close relationships. Which condition should be considered first from the options below?

- A. Schizoid personality disorder
- B. Obsessive-compulsive disorder (OCD)
- C. Manic episode
- D. Obsessive-compulsive personality disorder (OCPD)

SECTION B: ANSWER TRUE OR FALSE (5mks)

- 1. Schizoid personality disorder is defined primarily by intense fear of criticism and rejection. TRUE / FALSE
- 2. Autism spectrum disorder includes both social-communication difficulties and restricted/repetitive behavior patterns. TRUE / FALSE
- 3. The four D framework can include deviance, distress, dysfunction and danger. TRUE / FALSE
- 4. Comorbidity means that two or more disorders can occur in the same person. TRUE / FALSE
- 5. A specific phobia is generalized worry across many areas of life. TRUE / FALSE

SECTION C: SHORT ESSAY (10mks)

- 1. Differentiate a panic attack from panic disorder. (2mks)
- 2. Differentiate obsession from compulsion and give one example of each. (2mks)
- 3. State the four D criteria commonly used when considering abnormality. (2mks)
- 4. Define substance use disorder in practical clinical terms. (2mks)
- 5. Give two reasons early intervention in substance use disorder is important. (2mks)

PART TWO: THEORIES/TECHNIQUES IN PSYCHOTHERAPY

Section A: Multiple Choice Questions: Place a bold tick against the appropriate response option provided. (15mks)

1. Which psychotherapy concept is most accurately described by the following: the client redirects feelings, expectations or relationship patterns from important past relationships onto the therapist?
 - A. Flooding
 - B. Empty-chair technique
 - C. Transference
 - D. Gestalt therapy
2. In a session with Irene, the counselor emphasizes the therapist's emotional reactions to a client, especially reactions influenced by the therapist's own history or unresolved issues. This BEST illustrates:
 - A. Resistance
 - B. Transference
 - C. Negative reinforcement
 - D. Countertransference
3. Which psychotherapy concept is most accurately described by the following: therapy emphasizing unconscious conflict, early relationships, defenses, transference, resistance and insight?
 - A. Transference
 - B. Gestalt therapy
 - C. Psychoanalytic therapy
 - D. Progressive muscle relaxation
4. Which psychotherapy concept is most accurately described by the following: a goal-directed, socially embedded approach emphasizing conscious choice, responsibility, lifestyle and movement from inferiority toward useful belonging?
 - A. Adlerian therapy
 - B. Social skills training
 - C. Cognitive restructuring
 - D. Extinction
5. Which psychotherapy concept is most accurately described by the following: a non-directive relationship based on accurate empathy, unconditional positive regard and congruence?
 - A. In vivo exposure
 - B. Free association
 - C. Countertransference
 - D. Person-centered therapy
6. A therapist working with Lucas uses an intervention characterized by a structured approach linking thoughts, emotions and behaviors and using cognitive and behavioral change strategies. Which approach or technique is being used?
 - A. Gestalt therapy
 - B. Extinction
 - C. Resistance
 - D. Cognitive behavioral therapy (CBT)
7. In a session with Zachary, the counselor emphasizes identifying inaccurate or dysfunctional thoughts, examining evidence and developing more balanced alternatives. This BEST illustrates:
 - A. Gestalt dream work
 - B. Cognitive restructuring
 - C. Social modeling
 - D. Systematic desensitization

- 8.** Which psychotherapy concept is most accurately described by the following: Albert Ellis' approach that identifies irrational beliefs between events and emotional consequences and actively disputes those beliefs?
- A. Progressive muscle relaxation
 - B. Social skills training
 - C. Resistance
 - D. Rational Emotive Behavior Therapy (REBT)
- 9.** Which psychotherapy concept is most accurately described by the following: an REBT imagery exercise in which the client vividly imagines a difficult event, experiences the emotion, then practices changing unhealthy emotion by changing beliefs?
- A. Rational emotive imagery
 - B. Cognitive restructuring
 - C. Flooding
 - D. Free association
- 10.** A therapist working with Hassan uses an intervention characterized by a here-and-now experiential approach emphasizing awareness, contact, unfinished business and integration. Which approach or technique is being used?
- A. Social modeling
 - B. Gestalt therapy
 - C. Free association
 - D. Adlerian therapy
- 11.** A therapist working with Uma uses an intervention characterized by the client speaks to an imagined person or part of self placed in an empty chair, often switching roles to deepen awareness. Which approach or technique is being used?
- A. Progressive muscle relaxation
 - B. Operant conditioning
 - C. Empty-chair technique
 - D. Countertransference
- 12.** Which psychotherapy concept is most accurately described by the following: the client re-enacts a dream in the present and may speak as different people, objects or elements of the dream?
- A. Gestalt dream work
 - B. Gestalt therapy
 - C. Interpretation
 - D. Empty-chair technique
- 13.** Which psychotherapy concept is most accurately described by the following: turning back onto oneself what one wants to do to another, or doing to oneself what one wishes another would do?
- A. Cognitive behavioral therapy (CBT)
 - B. Retroflexion
 - C. Empty-chair technique
 - D. Gestalt therapy
- 14.** In a session with Joel, the counselor emphasizes an approach emphasizing freedom, responsibility, choice, meaning, authenticity, isolation and awareness of mortality. This BEST illustrates:
- A. Interpretation
 - B. Gestalt dream work
 - C. Dialectical Behavior Therapy (DBT)
 - D. Existential therapy
- 15.** In a session with Patricia, the counselor emphasizes learning by association between stimuli so that a previously neutral cue comes to elicit a response. This BEST illustrates:
- A. Operant conditioning
 - B. Cognitive restructuring

C. Flooding

D. Classical conditioning

SECTION B: ANSWER TRUE OR FALSE (5mks)

1. The empty-chair technique is commonly associated with Gestalt therapy. TRUE / FALSE
2. Existential therapy aims to eliminate every form of anxiety from life. TRUE / FALSE
3. Adlerian therapy emphasizes purposeful, goal-directed behavior and personal responsibility. TRUE / FALSE
4. CBT assumes thoughts, emotions and behaviors can influence one another. TRUE / FALSE
5. DBT teaches mindfulness, distress tolerance, emotion regulation and interpersonal effectiveness. TRUE / FALSE

SECTION C: SHORT ESSAY (5mks)

1. State two core conditions of person-centered therapy. **(2mks)**
2. Give the ABC elements of REBT. **(2mks)**
3. Explain negative reinforcement with an example. **(1mks)**

PART THREE: PROFESSIONAL ORIENTATION AND ETHICAL/LEGAL ISSUES IN PSYCHOTHERAPY

Section A: Multiple Choice Questions: Place a bold tick against the appropriate response option provided. (15mks)

1. A counselor asks which principle or professional concept is defined by a departure from customary therapeutic boundaries that may be clinically appropriate and non-exploitative in context. The BEST answer is:
 - A. Technology ethics
 - B. Fidelity
 - C. Boundary crossing
 - D. Autonomy
2. A counselor asks which principle or professional concept is defined by a serious harmful or exploitative breach of therapeutic boundaries. The BEST answer is:
 - A. Boundary violation
 - B. Gift decision-making
 - C. Professional competence
 - D. Ethical response to colleague misconduct
3. During supervision, Nadine describes sexual or romantic involvement with a current therapy client. Which concept should guide the discussion?
 - A. Justice
 - B. Sexual relationship with a current client
 - C. Professional competence
 - D. Dual or multiple relationship
4. During supervision, Fidel describes considering clinical meaning, value, timing, culture, power and exploitation risk before accepting or declining a client gift. Which concept should guide the discussion?
 - A. Beneficence
 - B. Gift decision-making
 - C. Malpractice
 - D. Privileged communication
5. A counselor asks which principle or professional concept is defined by accepting goods or services instead of money when ethically permissible, not exploitative and not clinically contraindicated. The BEST answer is:
 - A. Privacy
 - B. Professional competence
 - C. Bartering
 - D. Confidentiality
6. A counselor asks which principle or professional concept is defined by maintaining accurate, timely, secure and clinically appropriate client records. The BEST answer is:
 - A. Privileged communication
 - B. Record keeping
 - C. Duty to warn/protect
 - D. Confidentiality
7. A counselor asks which principle or professional concept is defined by ending therapy responsibly with preparation, continuity planning and referral when needed rather than abandoning the client. The BEST answer is:
 - A. Professional competence
 - B. Beneficence
 - C. Termination and referral
 - D. Nonmaleficence

- 8.** During supervision, Patricia describes using ethical codes, consultation/supervision and appropriate reporting procedures when credible serious misconduct is observed. Which concept should guide the discussion?
- A. Ethical response to colleague misconduct
 - B. Privacy
 - C. Privileged communication
 - D. Fidelity
- 9.** During supervision, Daniel describes protecting privacy, competence, informed consent, identity, emergency planning and data security when using digital or remote services. Which concept should guide the discussion?
- A. Technology ethics
 - B. Ethical response to colleague misconduct
 - C. Nonmaleficence
 - D. Informed consent
- 10.** A counselor asks which principle or professional concept is defined by not automatically disclosing the entire file on receipt of a subpoena; consult applicable law, the client/attorney and professional guidance, and disclose only as authorized or legally required. The BEST answer is:
- A. Fidelity
 - B. Subpoena response
 - C. Privileged communication
 - D. Boundary violation
- 11.** During supervision, Uma describes respecting the client's right to make informed choices about treatment. Which concept should guide the discussion?
- A. Subpoena response
 - B. Autonomy
 - C. Bartering
 - D. Privacy
- 12.** During supervision, Owen describes acting to promote the client's welfare and benefit. Which concept should guide the discussion?
- A. Boundary violation
 - B. Beneficence
 - C. Technology ethics
 - D. Informed consent
- 13.** A counselor asks which principle or professional concept is defined by avoiding or minimizing harm. The BEST answer is:
- A. Nonmaleficence
 - B. Privacy
 - C. Record keeping
 - D. Autonomy
- 14.** In professional practice, a situation calls for fair and equitable distribution of services, benefits, burdens and opportunities. Which ethical/legal concept is MOST directly involved?
- A. Justice
 - B. Dual or multiple relationship
 - C. Beneficence
 - D. Gift decision-making
- 15.** A counselor asks which principle or professional concept is defined by truthfulness and honest communication with clients. The BEST answer is:
- A. Subpoena response
 - B. Ethical response to colleague misconduct
 - C. Beneficence

D. Veracity

SECTION B: ANSWER THE FOLLOWING QUESTIONS CORRECTLY (5mks)

1. State two technology-related ethical concerns in teletherapy. **(2mks)**
2. How should a therapist respond to a subpoena for records? **(1mks)**
3. What is the principle of justice? **(1mks)**
4. What does duty to warn/protect mean in therapy? **(1mks)**

SECTION C: SHORT ESSAY (5mks)

1. Define mandated reporting. **(2mks)**
2. State two ways a therapist should manage sexual or romantic feelings toward a client. **(2mks)**
3. What should a therapist do when credible serious unethical behavior by a colleague is suspected? **(1mks)**

PART FOUR: CULTURAL DIVERSITY / GROUP THERAPY / COUNSELING PROCESS / TREATMENT PLAN IN PSYCHOTHERAPY

Section A: Multiple Choice Questions: Place a bold tick against the appropriate response option provided. (15mks)

1. A trainee observes using a qualified interpreter rather than relying on a child or untrained friend when language barriers affect care. This is an example of:
 - A. Professional interpreter use
 - B. Therapeutic confrontation
 - C. Support group
 - D. Group role
2. In counseling practice, Fidel encounters a situation involving a group emphasizing mutual support, shared experience, acceptance and coping among people facing similar problems. Which concept BEST applies?
 - A. Norming stage
 - B. Adjourning stage
 - C. Support group
 - D. Case formulation
3. In counseling practice, Amina encounters a situation involving a structured group focused on teaching information, understanding a condition and coping knowledge. Which concept BEST applies?
 - A. Professional interpreter use
 - B. Skills-development group
 - C. Psychoeducational group
 - D. Goal setting
4. Which counseling/group/cultural concept is BEST described by: a group focused on learning and practicing specific behavioral or interpersonal skills?
 - A. Psychoeducational group
 - B. Norming stage
 - C. Skills-development group
 - D. Adjourning stage
5. A trainee observes a structured group using cognitive and behavioral methods such as thought monitoring, skills practice and behavioral exercises. This is an example of:
 - A. Cognitive-behavioral group
 - B. Termination and follow-up
 - C. Self-disclosure
 - D. Therapeutic confrontation
6. In counseling practice, Hassan encounters a situation involving a recurrent functional position adopted by a member, such as scapegoat, monopolizer, peacemaker or spokesperson. Which concept BEST applies?
 - A. Group role
 - B. Cognitive-behavioral group
 - C. Reflection of feeling
 - D. Psychoeducational group
7. Which counseling/group/cultural concept is BEST described by: an agreement that members protect information disclosed by other members, while the leader explains that peer confidentiality cannot be guaranteed in the same way as professional confidentiality?
 - A. Progress review
 - B. Termination and follow-up
 - C. Reflection of feeling
 - D. Group confidentiality

8. A trainee observes early group stage characterized by orientation, uncertainty, dependence and testing. This is an example of:
- A. Forming stage
 - B. Norming stage
 - C. Paraphrasing
 - D. Assessment
9. A trainee observes group stage in which conflict, resistance, competition or emotional testing becomes more visible. This is an example of:
- A. Therapeutic confrontation
 - B. Cultural competence
 - C. Storming stage
 - D. Professional interpreter use
10. Which counseling/group/cultural concept is BEST described by: group stage in which cohesion, trust, norms and cooperation consolidate?
- A. Paraphrasing
 - B. Norming stage
 - C. Self-disclosure
 - D. Intervention stage
11. Which counseling/group/cultural concept is BEST described by: mature working stage in which members use the group productively toward goals?
- A. Norming stage
 - B. Cultural competence
 - C. Performing stage
 - D. Adjourning stage
12. Which counseling/group/cultural concept is BEST described by: ending stage involving review, separation, consolidation and transfer of learning?
- A. Adjourning stage
 - B. Psychoeducational group
 - C. Treatment plan
 - D. Support group
13. Which counseling/group/cultural concept is BEST described by: creating safety, trust, empathy and collaborative engagement at the beginning of counseling?
- A. Self-disclosure
 - B. Ethnocentrism
 - C. Paraphrasing
 - D. Rapport building
14. Which counseling/group/cultural concept is BEST described by: systematically exploring the client's problems, symptoms, context, history, strengths, risk and functioning?
- A. Assessment
 - B. Performing stage
 - C. Group role
 - D. Paraphrasing
15. Which counseling/group/cultural concept is BEST described by: collaboratively defining client-centered outcomes that are realistic and observable?
- A. Professional interpreter use
 - B. Therapeutic confrontation
 - C. Goal setting

D. Norming stage

SECTION B: SHORT ESSAY (10mks)

1. Differentiate paraphrasing from reflection of feeling. **(4mks)**
2. Why should a qualified interpreter be preferred to a child family member? **(4mks)**
3. State four tasks of ethical termination. **(2mks)**

SUPERVISED VOCATIONAL QUALIFICATION DIPLOMA - EXAMINATION

Session: Revision Mock Set 07	Duration: 1hr 30mins
Specialty: Psychotherapy	Coefficient: 04
Eliminatory mark: < 14/20	Training reference: VTI-AEDA examination style

SIMULATION OF REAL WORKING SITUATION PAPER PRACTICE SET 07

Revision material based on the supplied VTI-AEDA 2025 examination format and the supplied psychotherapy course recordings. Not an official examination paper.

SECTION I

1. Dependence on authority and Adlerian formulation

Ruth, 55, says she has always felt "less capable than everyone else" and avoids decisions unless a supervisor or parent approves them. she wants to become more independent but expects failure before trying.

Use Adlerian therapy as the anchor theory. Show how you would formulate the lifestyle pattern and carry out an intervention. (25mks)

2. Early relationships and psychoanalytic formulation

Simon, 62, repeatedly chooses distant partners and becomes intensely angry when the therapist reschedules a session, saying, "People always leave when I need them." Childhood involved repeated separation from a primary caregiver.

Use a psychoanalytic/psychodynamic framework to formulate the case and demonstrate how transference, resistance and interpretation might be handled. (25mks)

SECTION II

1. Counseling-skills micro-session

Theresa, 21, says, "Everything at home is falling apart. I am angry all the time, but when anyone asks what is wrong I just say I am fine." During the session Theresa speaks quickly, looks down and repeatedly clenches both hands.

Demonstrate a counseling micro-session using active listening, paraphrasing, reflection of feeling, open questions, therapeutic confrontation and summarizing. (25mks)

2. Work stress and first counseling session

Valerie, 28, works as a mechanic and has recently been working 11-12 hour days. he has become irritable with colleagues, sleeps poorly, has stopped seeing friends and says, "I am losing control of my life." Valerie has never attended counseling before and is unsure what to expect.

Carry out the first counseling session with this client. Bring out the counseling skills, assessment priorities and initial treatment planning steps you would use. (25mks)
